Gestational age		Number	Median MS-AFP	
Completed weeks	Median days		Level (iu/mL)	MoM
14	102.0	150	21.90	0.997
15	109.0	854	25.50	1.029
16	115.0	1534	29.25	1.043
17	121.0	822	34.00	1.055
18	128.0	413	38.30	1.031
19	136.0	269	46.30	1.051
20	143.0	154	55.70	1.083
21	149.0	81	55.70	1.013
22	156.0	24	73.75	1.106
14 - 22		4301		1.042 *
			10th centile	0.680
			90th centile	1.634
			S.D. (log10 MoM)	0.149

* = value falls outside 95% confidence interval around 1.0 MoM

The table shows median MoM values without adjustment for maternal weight. Median MoM values in the table may therefore differ from those based on reported values. The following categories are excluded: updated results, repeat tests, multiple pregnancies and smokers.
